SENTENCED FOR LIFE.

John Woodruff and Francis Drake
Convicted by Jury in Coffey
Murder Case.

JIM WILL ANDERSON GOES FREE.

Anderson and Others Indicted for Shooting from Ambush.

Hopkinsville, Ky., March 30.—The jury in the case of the Commonwealth of Kentucky vs. John Woodruff, Francis Drake and Jim Will Anderson, charged with the murder of Deputy Sheriff Robert H. Coffey, near Empire, on October 26, 1901, has returned a verdict.

It sends Drake and Woodruff to the penitentiary for life and frees Anderson from the charge of murder.

The jury had the case since about 2:30 o'clock Saturday afternoon.

At noon today the jury was summoned before Special Judge Reeves and asked if any decision had been reached. The reply was in the negative. The jurors were sent back to their room.

Shortly before two o'clock the jury announced that it was ready to render a decision. Several of the attorneys had to be sent for and as the news spread that a report was about to be made a large crowd filed into the courtroom.

The list was called and each juror responded to his name.

The clerk then read the verdict, which was as follows:

"We, the jury, find John Woodruff and Francis Drake guilty as charged in the indictment, and fix their punishment at confinement in the penitentiary for life.

"We, the jury, find Jim Will Anderson not guilty."

It is understood that eleven of the jurors were for life imprisonment for Drake and Woodruff from the first ballot.

Anderson, according to the testimony of Guy Reynolds, Charles Johnson and John Fields, participated in the ambush shortly before the murder. Reynolds, however, stated that he was not present when the fatal shot was fired.

There is an indictment against Anderson charging him with shooting from ambush with intent to kill.

The jury was composed of the following citizens: Ben Burdett, Ed Wolfe, Frank Thompson, Ferdinand Petch, P. C. Carter, W. H. Shanklin, G. W. Embury, Ward Claggett, J. M. Adams and W. C. Gresham.

Three of the jurors, G. W. Embury, Frank Thompson and P. C. Carter are not at all well.

Francis Drake, one of the convicted murderers, is sick, but was able to appear in court.

Seven were originally indicted. Burrell Wiley's case was dismissed. Guy Reynolds, who was a witness for the commonwealth, and John Black, colored, are yet to be tried. Ernest Bramfield, the seventh man, and who lost his hat the day of the killing, has not been captured.

Dr. Flower Admitted to \$20,000 Bond.

New York, March 28.—Dr. Richard C. Flower, the former prominent Kentucky preacher against whom there are several indictments charging him with larceny, was admitted to \$20,000 bail today.

The highest court in Germany has decided that a master has the right to box the ears of his servant girl if he so desires. What a roar there would be in the servant's hall if that was done in this country.

ICE STOVE.

Weather Chief Moore's Invention Will Keep the House Cool.

Chicago, Mar. 27.—A telegram from Washington says: "Put some more ice in the stove—we must keep cool." It is likely to be an oft-heard remark in the near future. Prof. Willis Moore, chief of the Weather Bureau, announced to-day that his invention for cooling rooms would soon be put on the market. He calls his apparatus the "Nero." Spell it backward it is a reversed oven—a contrivance for cooling instead of heating. It looks like a stove, being a cylinder of copper or galvanized iron, with a door midway of its height.

Break up 100 pounds of ice to the size of furnace coal and mix it in a tub with 150 pounds of salt. Shovel the mixture into the Nero, open the pipe to let out the thawed water at the bottom and in a short time your room will be at a comfortably cool temperature. From the stove comes dry, clean, washed air of the temperature of 18 degrees Fahrenheit.

MORRISON'S COMPANIONS

In Jail Delivery Captured and Returned to Prison.

Murray Petway and Arthur Stiles, the men who, with Will Morrison, of this county, escaped from jail in Nashville on the morning of March 19, are again behind the bars. They were arrested in Rutherford county, Tenn., Saturday. Morrison's whereabouts is still unknown. When the three men escaped they came toward Ridgeway, Tennessee, Petway says, left the party on the way to Ridgeway, and he thought from his conversation that he would probably make an effort to go to West Virginia.

JUDGE DEMPSEY SANGUINE.

Hopkins County Man is Encouraged in Railroad Commission Case.

Sunday's Courier-Journal says: Judge J. Fletcher Dempsey, of Hopkins county, who is a Democratic candidate for renomination for Railroad Commissioner in the First railroad district, was in Louisville yesterday. Judge Dempsey has just returned from a trip through Breckinridge, Hancock, Webster, Davies, Henderson and several other counties, and says that he is much encouraged over the situation.

HENSON AND DIXON

Nominated for Judge and Commonwealth's Attorney in Fifth District.

Dixon, Ky., March 30.—The Democratic primary election in the Fifth judicial district resulted in the nomination of J. W. Henson, of Webster county, for Circuit Judge, and Sam V. Dixon, of Henderson county, for Commonwealth's Attorney. Henson's majority over Malcom Yeaman is upward of 400. Dixon's majority over Commonwealth's Attorney L. C. Flournoy is about 800.

Congressman Rhea Ill.

Russellville, Ky., March 28.—Congressman John S. Rhea is ill at his home in this city with something similar to appendicitis, but his physicians think they have the disease under control.

Mrs. Caroline Lawson was arrested in Laurel county on the charge of being implicated in the Little-Oak steel killing.

ANTI-BOYCOTT LEAGUE.

Evansville Merchants Taking Vigorous Steps to Resist

METHODS OF EXTREME UNIONISM.

Strongest and Vainest Boycott has Been Against St. Bernard Coal.

Evansville, Ind., March 28.—A large number of business people of Evansville have formed an anti-boycott association, and have been holding meetings in secret for the past several days. The matter became public this afternoon when Weston Goovin, of Sedalia Mo., who organized the business men, departed for the West. It is not known how the new organization will proceed. It is understood it will take steps to protect nonunion labor. Several boycotts have been declared of late, and the business men decided to get together for mutual protection.

No business men in any city in the country have been subjected to more presumptions or oppressive methods at the hands of trades unionists for some years than the business men and manufacturers of this city. Conditions have grown worse until they are now considered unbearable and they have organized in self defense to resist the encroachments upon their rightful ownership and management of their business.

One of the chief boycotts the unionists have tried most vigorously to enforce for some months is that against the St. Bernard Coal Mining Co. The Mine Workers' union had for a number of weeks a walking delegate mounted on a bicycle, who followed the coal wagons of that company about the city and tried to influence their customers to stop the use of this Hopkins county coal. Everybody who could be located as a user of this coal has been systematically persecuted, but the demand for this coal has increased and now this coal and the company that produces it has more friends in Evansville than ever before. People are almost running over each other in the desire to buy this popular Kentucky product.

REYNOLDS-McCORD.

Popular Crofton People United in Marriage Sunday.

Mr. Jas. A. Reynolds and Miss Marvie L. McCord, well known and very popular young people living near Crofton, were united in marriage Sunday morning. The wedding took place at the home of the bride's parents. Rev. W. E. McCord, uncle of the bride, performed the ceremony.

FORMALDEHYDE

Used to Tame Bad Men With 44's at Lexington.

Lexington, Ky., March 28.—Formaldehyde was used to dislodge a half-dozen lozemen from Breathitt county, who had barricaded themselves in a house on Vine street this morning.

They were prepared to resist the officers to the death, but when the fumes of the insect and germ exterminator began to get in their work, they could not surrender quick enough.

As the choking, nauseating fumes began to fill the room, the six bad men from Breathitt began to get sick. An enemy that did not care a rap for "forty-four's" was after them. They felt worse and worse until finally the police, on the outside, heard the humbly appeals, and opening the door took in cowed six meek men from Breathitt.

One fireman was killed and three injured at Pittsburg Saturday while answering an alarm.

"The Prisoner of Zenda."

On last Saturday night the people of Earlington witnessed one of the best, if not the best show that has ever graced the boards of Temple Theatre. It was one of the strongest companies on the road and everyone connected with the "Prisoner of Zenda" was strictly first class and up-to-date. From the rise of the curtains in the prologue until its final fall the audience watched the play with breathless interest. Thos. B. Alexander, as Prince Rudolf and Rudolf V., was up to the standard and his prison scene was thrilling. Eloise Elliston and Marian McDonald were both charming as Princess Flavia and Antoinette De-Manban. The other members of the company were well up in their parts and gave good support. The "Prisoner of Zenda" is one play the people of Earlington would like to see again next season. Mr. Thos. B. Alexander, who was the star in the "Prisoner of Zenda," will star next season under the direction of Mr. Geo. Verbeck in the romantic drama, "Near the Throne." Earlington people will have an opportunity to witness this thrilling drama. Mr. W. M. Leslie, who is at present business manager for the "Conkling Polite Vandeville Show," will act in the same capacity for "Near the Throne" next season.

OVERWHELMING NEWS.

Three Telegrams Announcing as Many Deaths Received in a Few Hours

BY J. B. WALTRIP, OF MADISONVILLE.

Madisonville, Ky., March 28.—Thursday morning J. B. Waltrip, of this city, was overwhelmed with messages announcing deaths in his family and immediate relationship. The first message came from Calhoun announcing the death of his mother, Mrs. Lucy Waltrip, and following this about an hour, another message came from Sebree announcing that Mr. Lon Edwards, Mrs. M. A. Waltrip's father, had suddenly dropped dead. In about two hours came a message from Hanson that his wife's mother, Mrs. Bidwell, of McLean county, had died that morning.

All three messages came the same day and within a period of a few hours.

Found \$1,000 in a Sawlog.

Evansville, Ind. March 28.—A workman at a local sawmill found \$1,000 in money in the hole of a sawlog. The log had been cut for several months and was piled up in the yards.

LOCOMOTIVE BLASTS

A Mean Trick.

The boys in the Master Mechanic's office at Howell captured a mouse last Saturday—a tiny little mouse which had emerged from its hiding place in the hope of finding a few crumbs to tickle its empty palate. Not a man in the crowd was brave enough to kill the innocent looking thing, and for a while they were at a loss to know how to dispose of their important haul. While the boys were planning, the stenographer, who lives in Evansville and carries his dinner with him, stepped out of the office for a few moments. During his absence the boys procured an empty card-board box, in which they deposited the mouse, after cutting several holes for ventilation, and then put the treasure in the stenographer's dinner basket. When the stenographer started home the boys suggested that he bring them some good cigar Monday morning; that he would owe it, and would know what it was for when he got home. So he did, but showed up Monday morning without any cigars, explaining that he had gone out in town when his wife opened the box, and when he returned she jumped on him with a broom, breaking the handle of it before he could declare his innocence. "Nope," said the stenographer, "got a whipping, had to buy a new broom, no cigars."

Wm. Weiland, formerly night watchman at Howell shop yard, was accepted a position as overseer of a large stock farm near Goshen, N. Y., for which place he left last Wednesday.

It behooves us to see that our train of thought is well coupled together as we go steaming up and down the grades of life. A defect in the coupling may mean the parting of our train, and probable loss of treasured cars.

Master Mechanic Walsh had a visitor last Wednesday in the person of C. M. Butin, sales agent of the Zelnicer Supply Co., who is introducing something new in the way of car replacers.

A lump of coal in the hand is worth two in your neighbor's cellar.

Fireman S. B. Crews, who has been confined to his bed with sickness for the past six months, has about recovered, and will soon be able to resume work.

General Air Brake Instructor Frank Sherman was on the Henderson Division last week.

A fifth house is being erected on the St. Louis Division "Y" between Howell and Evansville for section foremen, making that corner appear as if a little town was being started there.

Engineer E. W. Bonham, who has been in St. Mary's Hospital in Evansville since March 11th on account of injuries received on that date in collision at Rankin, has recovered sufficiently to be able to return to his home in Nashville.

Fireman Geo. W. Chapman was called to Middleboro, Ky., last week on account of sickness of his wife.

W. J. Butcher, of the Master Mechanic's office, went to St. Louis, Sunday.

E. P. Bryant is to be the new superintendent of the Manhattan railway, New York. He started

railroading thirty-six years ago as an operator at Lebanon, Ky. The biennial convention of the Order of Railway Conductors will be held commencing May 30 at Philadelphia.

Conductor Ed Heafer has been on the sick list this week with fever and ague.

Dispatcher T. J. Featherstone has returned from his visit to Tennessee and is again at the key.

Dispatcher W. E. Martin, who has been laying off a few days, went to work this week.

Dispatcher Frazier has been on the sick list for a few days, but is again able for duty.

Dispatcher McKeown has been learning the road this week and is now about ready to show his skill in handling trains.

There is still talk of running the locals through from Howell to Hopkinsville.

Train Master Sheridan and Chief Dispatcher Wise have been in Evansville this week working on a new time card. The time of 93 and 92 will be changed and possibly other changes will take place.

Supervisor Edmondson is a great fisherman. He says he saw fish as long as his arm jumping up all over the railroad pond one day last week. This may have been true, but he had no witnesses to corroborate his statement, consequently, it should be taken with a due allowance of salt.

King Dodo.

King Dodo, as rendered in Morton's opera-house, Madisonville, Tuesday night, was great. It was interesting, entertaining and excitingly funny. The seating capacity of the large house was taxed to its utmost. Quite a number of people from Earlington, Providence and Nebo went in on the special train and several from Slayers, Sebree and Hanson were present. The vast audience were more than pleased with the performance and demonstrated the fact by their frequent encores. Morton & Ruby are to be congratulated on securing this first class attraction. It was far ahead of anything else presented at Madisonville this season.

JUST THE THING.

Every Kentuckian Should Have One.

THE BEE has been selected by the Kentucky World's Fair Committee to sell one hundred souvenir buttons representing the Kentucky building at St. Louis. These buttons are very tastefully arranged, are the size of a half dollar and are to be worn on the lapel of the coat. On the button is a colored illustration of the Kentucky building at the World's Fair. Underneath are the words "It's part mine." Every cent realized from sale of these buttons will go to help erect the Kentucky building, and every man in Hopkins county should help the good cause along by purchasing one at \$1.00. The buttons are on sale at the St. Bernard drug store and general store, M. B. Long's Bon-Ton bakery, Jno. X. Taylor's drug store, W. G. Bartsch's jewelry store, and the dry goods store of J. M. Victory. Any of the above named gentlemen will be pleased in showing and selling the buttons.

That Indiana fellow who was in trouble on account of a double matrimonial alliance, says he supported two families on \$12 a week, and the Fort Wayne Gazette thinks he ought to be granted amnesty on condition that he teach the average husband how to support one family on such a small stipend.

St. Louis is hustling for both national conventions in 1904. If the big town pulls off the conventions there the Louisiana Purchase Exposition will be only a side show.

Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes swollen, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know that they saved the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at St. Bernard Drug Store.

A VALUABLE MEDICINE.

For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker of Colombo, Ceylon. "I have been some two years using the City Dispensary first called my attention to this valuable medicine, and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all ailments. It is especially effective for children and seldom takes more than one bottle to cure them of all ailments. I have persuaded many to try this valuable medicine, and they are all as well pleased as I am with the results."

The Grand Leader's

4th-ANNUAL ANNIVERSARY SALE-4th

April 4th. One Day Only!

WE will have closed our fourth year's successful business on the above day, and in keeping with our former custom we will give the general public an opportunity of supplying this spring and summer's wants at greatly reduced prices, as we will offer such inducements to the buying public in return for the many kindnesses shown us during our stay that it will be very beneficial to every one in this community as we will sacrifice the prices on our immense stock for this one day only for the appreciations shown us, and in order to be fully convinced of the proof of the above assertions it is necessary for you to read every article quoted below and compare them with the regular prices quoted elsewhere.

You will also bear in mind the fact that this sale will positively only last for **one day, Saturday, April 4th**, and if you desire to take an advantage of these greatly reduced prices during this sale it will be very necessary for you to be here on that day, as every article quoted below will recede to its usual price after the above date.

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicine, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Souderstand, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pain in my chest. The doctor who attended me said I had lung trouble, and that I would never be well again. I last consumed a bottle of Golden Medical Discovery, and now I am commenced to feel a little better. Then you directed me to take both the Golden Medical Discovery and the 'Purative Prescription,' which I did. Altogether I have consumed twelve bottles of 'Golden Medical Discovery,' twelve of the 'Purative Prescription,' and a bottle of 'Pills.' I am now almost entirely well, and do all my work without any pain whatever, and am now with more ease than I could formerly recall."

Dr. Pierce's Common Sense Medical Advice, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

SETTLEMENT EFFECTED.

Miners Accept Advance of Ten Per Cent. Offered by Operators.

ONLY A FEW WORKMEN GET GREATER INCREASE.

District No. 23, United Mine Workers, has accepted practically the original offer of the operators for a ten per cent. advance for the coming year. The miners' representatives insisted that they would not accept anything short of the Indianapolis scale, but the operators were firm, and it is rumored that President John Mitchell thought he had trouble enough on his hands in other fields and told the Kentucky organizers they must settle for 10 per cent. advance if they could not get 14 per cent.

500 MINERS OUT.

Evansville Miners Take a Day Off With-out a Strike Order.

MEN GOIDLING BEFORE SETTLEMENT IS COMPLETED.

Evansville, Ind., April 1.—All the coal mines in and about this city, six in number, are idle today, notwithstanding a good demand for coal and notwithstanding the fact no strike has been ordered and the conference at Terre Haute is still considering the differences to be adjusted. Five hundred coal miners are idle today in this city and it is said that all the union miners in Southwestern Indiana are taking a holiday today.

Fish Biting.

The fishing season is now on and several enthusiastic devotees of the piscatorial art have dugged worms and bled away to Loch Mary this week to try their luck. We understand one or two of the smaller fish bite.

Labor Is Attractive

Defense of Companies

"That brings me to say one word in defense of our own companies. I submit that in the long months, you have taken testimony the companies I represent, the Philadelphia & Reading Coal & Iron Company and Lehigh & Wilkes-Barre Coal Company, have suffered the most at the hands of these people, in that, as I have told you, a number of our collieries are destroyed. Where is the evidence of our wrong-doing? What have we done? Have we ill-treated our men? Have we wronged them in any way? Is there any testimony here to cast a shadow of doubt on

"That on and after April, 1903, for each five cents in excess of \$4.50 per ton on the average price realized for white ash coal in the harbor of New York, on all sizes above pea, wages shall be advanced one per cent.; the wages to rise or fall one per cent. for each five cents increase or decrease in prices; but they shall never fall during the next three years below the present basis.

"Now, before I give the result, let

Money refunded if you are not pleased
with results; has cured thousands
—why not you?

Mr. E. B. Hackett, a prominent merchant of Morgansville, Ky., was a sufferer for years from constipation and indigestion, and was prevailed upon to try Dr. Cassel's German Liver Powder by one whom he had once granted good advice. It gave him a single trial, when he began to feel better at once. "I rubbed it with olive oil," Mr. Hackett writes, "and it worked like a charm. I have not since used any other medicine. It is now a well man and does not use any medicine. If you are afflicted in this manner, give it a trial; it will cost you only 30 cents, and should it not prove as we say the druggist is authorized to refund your money."

THURSDAY, APRIL 2.

The showing and displaying of new designs and pretty, neat effects, in which we seem to have outdone ourselves this season, will not be the most attractive part of our opening. We are going to put on sale some great values for this day only. It is our purpose at all times to give our patrons good, reliable merchandise. Anybody can sell cheap goods, but in this day of sharp push, the merchant who is able to offer better values-better merchandise-for less money has got to spend his time and money in the market finding them. It is all in the buying.

Silks.

Never before in the history of Madisonville merchandising have such values in first class stylish silks been offered.
